

WORKFORCE SUPPORTS CREATING STABILITY FOR FAMILIES

To decrease the number of low-income families in Clark County, **we help families find stability at home and at work through supportive services**, such as technical and professional skills training, job preparation and placement and certification and credential assistance. By connecting people to community services, United Way is supporting the whole family as they work to build a strong foundation for success.

THE CHALLENGE:

In Clark County, 31% of families are identified as low-income. Without comprehensive support, many of these families could fall even deeper into poverty.

We combine the knowledge and resources of partners throughout our community to change lives in Southern Nevada. When we unite our efforts, we can make a bigger impact than any one organization working alone. By bringing together service providers, nonprofit organizations, funders, and businesses, we are collaborating to create positive change.
